March 11, 1952

File
Allen

Dear Allen:

Your letter of congratulations about the Ford grant is greatly appreciated. The grant certainly gives us a big boost but does add immeasurably to our responsibilities. I shall want to talk to you about some of the related problems when you are not quite so pressed with other duties.

It is nice to know you are returning to the relative calm of New York after another distinguished stint with the Washington rat race.

Warm regards.

As ever,

Brooks Emeny
